NOTES:

Students are advised to confer with the Transfer Coordinator or their academic advisor, as transfer institutions periodically change math requirements. Students planning to attend a transfer institution listed below **MUST** take that institution’s required math courses as indicated:

- UMass Amherst: MTH 162 and MTH 142
- Westfield State College: MTH 162 and MTH 142

Students not planning to attend UMass at Amherst or Westfield State College should see their advisor for the appropriate math courses for the chosen institution.

NOTE: MTH 162 has MTH 104 or adequate score on math placement test as a pre-requisite. Students transferring to Bryant University, Salem State College, UMass Amherst or Westfield State College who do not place into MTH 162 should therefore take MTH 104 as the general elective.
