
COVID-19 testing extended to September at Holyoke Community College

HOLYOKE – Free “Stop the Spread” COVID-19 testing at Holyoke Community College has been extended through September, according to the Holyoke Board of Health.

Drive-through testing at HCC is conducted six days a week in parking lot H near the western entrance to the Donahue Building on the college’s main campus, 303 Homestead Ave.

However, effective June 1, testing

will move to Parking Lot M by the Bartley Center for Athletics & Recreation on the opposite side of campus.

Wait times for tests are not nearly as long as they used to be, according to site administrators, with only a handful of vehicles lined up at the busiest times.

HCC has been serving as a “Stop the Spread” drive-through testing site since last August to help reduce the spread of COVID-19.

Drivers are asked to enter the campus from Homestead Avenue, turn left onto the Campus Road and proceed to parking lot H (or to parking lot M after June 1). There are signs and parking attendants on site to help guide traffic.

The HCC testing site is open Monday, Wednesday, Friday and Saturday from 7 a.m. to 11 a.m.; and Tuesday and Thursday from 2 p.m. to 7 p.m.

Testing is free to all Massachusetts

residents and conducted on a first-come, first-serve basis. There are no appointments and no referral is necessary. Turnaround time for results is typically four days or fewer.

Testing may sometimes be cancelled due to inclement weather. Be sure to visit the Holyoke Board of Health website for up-to-date information on cancellations: <https://www.holyoke.org/departments/board-of-health>.
