

Blackjack dealer classes start March 18

SPRINGFIELD – The Massachusetts Casino Career Training Institute is accepting registrations for day and evening blackjack dealer classes that begin March 18.

The class is designed for anyone interested in obtaining training to work as a table games dealer at MGM Springfield. No dealer experience is necessary.

“All you need is a positive attitude,” said Michele Cabral, director of MCCTI. “Teachers, students who need to work while going to school, retirees, veterans or anyone looking for a fun, flexible, part-time or full-time job - this may be the right opportunity for you.”

The classes at MCCTI, 95 State St., will run March 18 through May 6, Monday through Thursday. Prospective trainees have a choice of enrolling in afternoon or evening classes. Day class hours are from 1-4 p.m., and evening class hours are 7:30-10:30 p.m.

Holyoke Community College and Springfield Technical Community College, in collaboration with MGM, created the training school to help people learn skills to work at MGM Springfield.

Diane Garvey of Wilbraham graduated from the dealer training school and now is working at MGM Springfield.

MGM guarantees a chance to audition to work at the entertainment complex in Springfield after successful completion of at least two table game certifications. MCCTI students are advised to take a carnival games class immediately after completing blackjack.

Since MCCTI opened a year ago, about 80 percent of the graduates have received offers to work at MGM. Other graduates decide to pursue other opportunities or choose to take additional classes at MCCTI. Scholarships are available for qualifying candidates.

“MCCTI continues to appreciate the partnership with MGM,” Cabral said. “We are proud of the more than 200 students who have graduated from the school.”

“Conversations with managers at MGM let us know what great employees MCCTI graduates make,” Cabral added. “Students learn about the games they will be dealing and also learn the importance of customer service and work ethic.”

To register online for classes and learn more, people may visit www.mccti.org/school.html or call 413-552-2086.
