

Holyoke Community College to host cannabis job fair

Remember 11/4/22
HOLYOKE – Holyoke Community College (HCC) will host a Cannabis Career Fair on Nov. 10, at the HCC Kittredge Center for Business and Workforce Development, where individuals interested in working in the cannabis industry will have the opportunity to talk about job openings in person with representatives from area cannabis companies.

The fair, “Cultivating an Indus-

try,” will run from 4:30 to 6:30 p.m. in the PeoplesBank Conference Room on the third floor of the Kittredge Center on the main HCC campus, 303 Homestead Ave. It is sponsored by the Cannabis Education Center – a partnership between HCC and Elevate Northeast – and MCR Labs, a marijuana testing facility in Framingham.

The fair is free and open to any-

one looking for a job in the burgeoning cannabis industry, which had surpassed \$1 billion in sales in Massachusetts by October 2020, after its first four years.

“There are a lot of jobs that go along with a billion dollars in industry activity,” said Jeff Hayden, HCC’s vice president for Business and Community Services.

So far, 10 cannabis employers have signed up for the fair, with more expected: from Holyoke – Boston Bud Factory, Canna Provisions, Holyoke Cannabis, and My Analytics Lab; from Chicopee – Mass Alternative Care, and Theory Wellness; from Northampton –

NETA, Resinate, and Truelieve; from Easthampton – INSA.

Attendees will be granted access to a new virtual job board specific to the cannabis industry.

Please note: Masks are required in all HCC buildings regardless of vaccination status. To maintain social distancing, only 50 people will be allowed in the conference room at a time, so pre-registration is strongly encouraged.

To register for the fair, please go to: hcc.edu/canna-fair

The CEC will also run introductory Cannabis Core training programs Nov. 9- 17 (Tuesdays and Wednesdays from 6-9 p.m.) and

Nov. 28-Dec. 20 (Mondays from 6-9 p.m.), as well as a Cannabis Cultivation Assistant training course Nov. 13-Dec. 4.

To register for those programs, please visit: hcc.edu/cannabis-core

The Cannabis Education Center is a partnership between HCC and Elevate Northeast and based out of HCC’s Kittredge Center for Business and Workforce Development. Elevate Northeast is a Massachusetts-based, women-founded 501(c)(3) nonprofit, created to support the Northeast’s growing cannabis industry through workforce training, education and advocacy.
