

HCC to host health careers open house Nov. 15

HOLYOKE – Holyoke Community College will host an open house at its Center for Health Education & Simulation on Wednesday, Nov. 15, from 4 to 6 p.m., for anyone interested in exploring educational programs and careers in healthcare, animal care, or human services. This event is free and open to the public.

Visitors to the Health Careers Open House are welcome to tour HCC's state-of-the-art health education facility and talk to representatives from the college's programs in nursing (RN and LPN), radiologic technology, veterinary and animal science, medical assisting, CHW (community health worker), direct care, EMT (emergency medical technician), Foundations of Health (Public Health), CNA (certified nursing assistant), medical billing and coding, and human services.

Nursing student Gabriela Artin of Westfield performs a wellness check on a “patient” in one of the simulation rooms at HCC’s Center for Health Education & Simulation.

The building, located at 404 Jarvis Ave., just off the main HCC campus, is home to the college's nursing and radiologic technology programs, and medical simulation labs.

There will also be representatives attending from the offices of financial aid, admissions, advising, and workforce development to talk to prospective students about their educational options and career pathways.

“This is an excellent opportunity to explore all of our health majors at one time, see our state-of-the-art simulation labs, meet our faculty and staff, and learn all about our outstanding student support services,” said nursing resource coordinator Dee Wescott.

To register in advance for this event, please visit hcc.edu/open-house-health.

For more information, please contact Dee Westcott at dwestcott@hcc.edu or advising@hcc.edu.
