
HCC opens registration for summer and fall classes

HOLYOKE — Registration is now open for summer and fall classes at Holyoke Community College.

Summer classes at HCC begin Monday, May 22, and run in two, consecutive seven-week sessions: Summer Session I (May 22-July 7); Summer Session II (July 10-Aug. 25).

The fall 2023 semester starts on Tuesday, Sept. 5. Full 15-week semester classes begin Sept. 5. HCC will also be running three accelerated flex start sessions: Flex Start I classes also begin Sept. 5 but run for just seven weeks; Flex Start II classes begin Monday, Sept. 25, and run for 12 weeks; Flex Start III classes begin Monday, Oct. 30, and run for seven weeks.

Registration for summer and fall officially opened today (Monday, April 3).

“The biggest news for summer and

fall is the lifting of the COVID-19 vaccine mandate, a decision made together by the 15 Massachusetts community colleges,” said HCC Admissions Director Mark Hudgik. “We’re excited and believe that this will open up opportunities for more students to come to college and be a part of the on-campus community.”

Effective May 12, current and prospective students will no longer need to provide proof of COVID-19 vaccination to register for on-campus classes or participate in on-campus activities.

Prospective students can peruse all the course options for summer and fall at hcc.edu/sign-up-for-classes.

Students interested in visiting campus, should contact the HCC Admissions office at admissions@hcc.edu.

For more information on HCC classes or to enroll, please visit hcc.edu/admission or call 413-552-2321.
