Our new portal can be accessed by clicking this **link** or scanning the **QR Code**. The image below displays the HCC portal. There are two different design options: Option 1: A bold, modern style in our HCC Green. Option 2: Minimal green with blank reverse side. The PREMIUM options are printed on a heavier, 16 pt. card stock. The STANDARD options are printed on the industry standard, 14 pt. card stock.

2 SIDED PREMIUM // 2 SIDED STANDARD:
The primary design for business cards, though either option is acceptable.

1 SIDE PREMIUM // 1 SIDE STANDARD:
The standard option with minimal color and information on one side.
