HCC hosting health careers open house March 26

HOLYOKE – Holyoke Community College will host an open house at its Center for Health Education & Simulation on Wednesday, March 26, for anyone interested in exploring educational programs and careers in healthcare, human services, and veterinary and animal science.

Visitors to the Health Careers Open House are welcome to tour HCC's state-of-the-art health edu-

cation facility from 4 to 6 p.m. and talk to representatives from the college's programs in nursing (RN and LPN), radiologic technology, veterinary and animal science, medical assisting, Foundations of Health (public health), CNA (certified nursing assistant), medical billing and coding, and human services.

The event is free and open to the public.

The building, located at

404 Jarvis Ave., just off the main HCC campus, is home to the college's nursing and radiologic technology programs, and medical simulation labs.

There will also be representatives attending from the offices of financial aid, admissions, advising, and workforce development to talk to prospective students about their educational options and career pathways.

"This is a fantastic

chance to dive into all of our health majors in one exciting event," said nursing resource coordinator Dee Westcott. "We welcome everyone to explore our cutting-edge simulation labs, connect with our dedicated faculty and staff, and discover the exceptional student support services that set us apart."

If you can't make it in person, please contact Dee Westcott at dwestcott@hcc.edu for more information.
