

HCC opens registration for summer, fall

HOLYOKE – Registration is now open for summer and fall classes at Holyoke Community College.

Summer classes at HCC begin May 24 and run in two, consecutive seven-week sessions: Summer Session I (May 24-July 8); Summer Session II (July 11-Aug. 26).

The fall 2022 semester begins on Tuesday, Sept. 6. Full 15-week semester classes begin Sept. 6. HCC will also be running three accelerated flex start sessions: Flex Start I classes also begin Sept. 6 and run for seven weeks; Flex Start II classes begin Monday, Sept. 26, and run for 12 weeks; Flex Start III classes begin Monday, Oct. 31, and run for seven weeks.

“Fall offers a mix of classes, fully online, fully on campus, and hybrid -- partly on campus and partly online, allowing students the opportunity to find what works best for them,” HCC

Director of Admissions Mark Hudgik said. “Students should register early to ensure they get the classes they need, taught in the way they want, before they fill up. Students looking to complete credits and also experience summer will find both online and on-campus options, with the majority being online.”

Prospective students can peruse all the course options for summer and fall at: hcc.edu/class-schedule

Students interested in visiting campus, should contact the HCC Admissions office at admissions@hcc.edu

For more information on HCC classes or to enroll, visit hcc.edu/admission or call 413-552-2321.

Please note that while HCC is ending its mask mandate on May 20, proof of COVID-19 vaccination remains a requirement to enroll in on-campus classes for summer and fall 2022.
